Business trading name	
Self employed? Yes <input type="checkbox"/> No <input type="checkbox"/>	SPASA member? * Yes <input type="checkbox"/> No <input type="checkbox"/>
Business address	
Suburb	State
Country	Postcode

GAP TRAINING

NSPI will recommend gap training in any subject you cannot provide appropriate evidence for. If you decide to do the gap training, the trainee guide and written assessment will be mailed out for you to complete. Once you have read the trainee guide and feel that you have an understanding of the information, do the written assessment and send it back to NSPI for review. Gap training incurs an additional cost of \$200.00 per unit/subject.

ONSITE ASSESSMENT

Travel and accommodation costs for the assessor may need to be paid if the assessment is to take place outside the Brisbane metropolitan region. Your assessor will discuss this with you as required.

DECLARATIONS - IMPORTANT PLEASE READ AND TICK THE FOLLOWING DECLARATIONS AND SIGN

The information I have supplied above is true and correct.

I have read and understand the student information - code of practice published at www.nspi.com.au.

I have read and understand the refund policy.

I understand that NSPI may make my details known to third parties for regulatory reasons or issuing qualifications.

Approval is granted to use feedback and photos for advertising in, but not limited to, newspapers and web pages.

If applying for a licence, I have confirmed with the [Queensland Building Services Authority](#) that this pathway is appropriate to the licence I am applying for.

* SPECIAL NOTE: a rebate of up to 15% of the fee paid is redeemable by SPASA members. To get this rebate proof of current financial membership must be attached to this form.

COURSE DETAILS

In undertaking this pathway the trainee develops the knowledge, skills, techniques and attitudes necessary to carry out work in swimming pool and spa water maintenance in commercial/public enterprise.

The scope of work covered by this qualification includes: basic pool operation; service theory; supervision of maintenance operations; basic water chemistry and testing; water treatment processes; water quality control in distribution systems; installation and maintenance of water recirculation systems; safe handling and storage of pool chemicals; risk management policy and procedure; occupational health and safety policy and procedure; risk management; planning and organising work; workplace communications; and compliance with laws and legal principles.

Trainees who complete this course will be able to pursue a career in pool and spa water maintenance technology in commercial and public enterprises, as well as domestic pool water servicing.

WHO CAN REGISTER?

This course is specifically designed for those who are working in swimming pool and spa water maintenance in commercial/public enterprise.

You must be currently working in the pool and spa industry and have access to an appropriately licensed tradesperson who will become your coach/mentor.

OUTCOME

On successful completion of all requirements, NSPI will issue you with a nationally recognised Certificate III and a record of assessment listing the units of competency in which you have achieved competency.

REGISTRATION PERIOD

Each course registration remains open for completion for a period of two years from the date you enrol.

Send completed form with fee to:
